For: THIN FILM DEVICE PROVIDED WITH COATING FILM, LIQUID CRYSTAL
PANEL AND ELECTRONIC DEVICE, AND METHOD FOR MAKING THE THIN
FILM DEVICE

RESPONSE TO ELECTION OF SPECIES REQUIREMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In reply to the January 5, 2006 Election of Species Requirement, Applicants
provisionally elect Species I, with traverse. At least claims 60-81 and 89-110 read on Species
I. At least claims 60-70 and 89-99 are generic to both Species I and Species II.

It is respectfully submitted that the subject matter of all species is sufficiently related
that a thorough search for the subject matter of any one species would encompass a search for
the subject matter of the remaining species. Thus, it is respectfully submitted that the search
and examination of the entire application could be made without serious burden. See MPEP
§803 in which it is stated that "if the search and examination of an entire application can be
made without serious burden, the examiner must examine it on the merits, even though it
includes claims to independent or distinct inventions" (emphasis added). It is respectfully
submitted that this policy should apply in the present application in order to avoid
unnecessary delay and expense to Applicants and duplicative examination by the Patent
Office.

For at least the foregoing reasons, withdrawal of the Election of Species Requirement is respectfully requested.

Respectfully submitted,

James A. Oliff
Registration No. 27,075

Mark R. Woodall
Registration No. 43,286
